

Applicant : Yamazaki, et al.
Serial No. : 09/917,095
Filed : July 26, 2001
Page : 2 of 3

Attorney's Docket No.: 07977-082003 / US3141D1D1

Amendments to the Specification:

Please replace the paragraph beginning at page 3, line 3 as with the following amended paragraph:

Hence, it is presumed that because the ion sheath produced on the substrate surface is not considered to become an ~~excessively~~ excessive value, the intensity of the electric field and ion irradiation energy are not so much as they destroy the device.
